PRODUCT DATA SHEET

BAGBOX 1000L TRANSPORT TOTE

The Bagbox 1000L foldable transport tote is a high-capacity and versatile solution for transporting goods and materials in a sterile and hygienic environment. This tote is designed to work with SUT (Single Use Technology) 3D sterile hygienic bag liners, making it an ideal option for a range of industries, including food, pharmaceuticals, and healthcare. One of the key features of the Bagbox 1000L tote is its foldable design. When not in use, the tote can be easily folded down to a fraction of its full size, making it an ideal option for those who have limited storage space. This also makes it easy to transport the tote between different locations. The tote is made from a durable and lightweight material that is resistant to moisture, bacteria, and other contaminants. This ensures that it can withstand heavy loads while maintaining a sterile and hygienic environment for the materials being transported. The tote can hold up to 1000 litres, which is equivalent to roughly 264 gallons, making it one of the largest transport totes available.

In conclusion, the Bagbox 1000L foldable transport tote is a reliable and adaptable solution for transporting goods and materials in a sterile and hygienic environment. Its foldable design, large capacity, and compatibility with SUT 3D sterile hygienic bag liners make it an ideal choice for businesses and individuals who need a flexible and reliable transport solution in industries where hygiene and sterility are critical.

Product Specification

Product:	1000L Transport Tote inc. Lid
Product Code:	1000T
Volume:	1000L
Drawing Number:	1000T-00-0
Material:	Polypropylene
Temperature Range:	-10°C - +40°C
External Dimensions (metric) mm:	1155 x 1155 x 1287
External Dimensions (imperial) inch:	45.5 x 45.5 x 50.7
Folded Height (singular):	617mm / 24.3″
Folded Height (stacking):	600mm / 23.6″
Open Height (singular):	1287mm / 50.7″
Open Height (stacking):	1270mm / 50.0"
Internal Dimensions (metric) mm:	1051 x 1031 x 940
Internal Dimensions (imperial) inch:	41.4 x 40.6 x 37
Maximum Dynamic Load (2 layers):	2250 kg / 4960 lbs
Maximum Static Load:	4360 kg / 9612 lbs
Maximum Stack Dynamic (full):	1 + 1
Maximum Stack Static (full):	1 + 3
Maximum Stack (empty/folded):	10
Tare Weight:	113kg / 223 lbs
Commodity Code:	3923109000
HTS Code (USA):	3923.10.9000

* Product does not include single use bag as illustrated
