## PRODUCT DATA SHEET

### BAGBOX 50L CLEANROOM TOTE

The BagBox 50L cleanroom tote epitomizes meticulous craftsmanship, catering specifically to industries with stringent demands for precision hygiene. Its design reflects a careful consideration of both form and function, with a sleek aesthetic that complements its high-performance features. Engineered with the strict standards of pharmaceuticals and biotech in mind, this tote ensures that cleanliness is not just a goal... Its easy cleaning features simplify the maintenance of a sterile environment, a critical aspect in industries where contamination is not an option. The 50 litre capacity strikes a balance between efficiency and manageability, making it an ideal choice for scenarios that involve smaller loads.

Whether it's the handling or transportation of delicate fluids from biotechnological or pharmaceutical processes, the BagBox 50L cleanroom tote provides a reliable solution, ensuring that even the most intricate processes are executed with ease and precision.
