PRODUCT DATA SHEET

BAGBOX 750L TRANSPORT TOTE

BagBox totes being designed for industries prioritizing stringent hygiene, the BagBox 750L Transport tote represents a pinnacle of meticulous design crafted for secure and efficient transportation. Tailored for pharmaceuticals and biotech fluid handling applications, it ensures seamless compatibility with all 3D sterile single-use bags available in the market. The BagBox 750L Transport tote emerges as an indispensable asset, dedicated to safeguarding vulnerable biotech and pharmaceutical fluids during transit. With a substantial 750 litre capacity, this collapsible transport tote emphasizes its advantages in efficiently managing loads while incorporating distinctive security features. Diverging from its cleanroom counterpart, the BagBox 750L Transport tote features a lockable door and a compartment above pallet level, providing secure storage for discharge tubes during transport to prevent tampering or sabotage.

Whether facilitating the secure transport of pharmaceutical compounds or overseeing the handling of delicate biotechnological fluids, the BagBox 750L Transport tote stands out as the ultimate choice for both efficiency and security in a somewhat more compact volume. Adhering rigorously to hygiene and precision standards, it actively contributes to the efficiency and safety of fluid handling processes in critical industry applications, providing an unparalleled solution for volumes smaller than its bigger BagBox siblings.

Product Specification

Product:	750L Transport Tote inc. Lid
Product Code:	0750T
Volume:	750L
Drawing Number:	0750T-00-0
Material:	Polypropylene
Temperature Range:	-10°C - +40°C
External Dimensions (metric) mm:	1155 x 1155 x 1077
External Dimensions (imperial) inch:	45.5 x 45.5 x 42.4
Folded Height (singular):	617mm / 24.3"
Folded Height (stacking):	600mm / 23.6"
Open Height (singular):	1077mm / 42.4"
Open Height (stacking):	1060mm / 31.7"
Internal Dimensions (metric) mm:	1051 x 1031 x 730
Internal Dimensions (imperial) inch:	41.4 x 40.6 x 28.7
Maximum Dynamic Load (2 layers):	2250 kg / 4960 lbs
Maximum Static Load:	4360 kg / 9612 lbs
Maximum Stack Dynamic:	1 + 1
Maximum Stack Static:	1 + 3
Tare Weight:	102kg / 225 lbs
Commodity Code:	3923109090

* Product does not include single use bag as illustrated
